## AN EXPRESSION OF APPRECIATION

---

The Eastern National Livestock Show is pleased to announce that the premiums offered for the 1959 Show are over \$50,000.00. The grand cooperation of the Maryland State Fair Board makes this possible. This year the Fair Board has awarded \$26,055.00 for the Fall Show and \$2,022.00 for the 1960 Spring Hog Show. The State Fair Board composed of Frank D. Brown, Jr., Port Deposit, Chairman; Louis McL. Merryman, Sparks, Vice Chairman; A. Doty Remsburg, Jefferson, Secretary; Olin Davis, Sr., Galts; Robert V. Norris, La Plata; D. Ernest Matthews, Salisbury; C. Russell Galbreath, Street; Fred C. Downey, Williamsport; Richard N. Wills, McDonogh; Nelson Phelps, Timonium, Executive Secretary, has been very generous.

In addition to the Fair Board the Eastern National Livestock Show is very appreciative of the support of the various beef cattle, swine and sheep breed associations.

There are also many individuals and organizations whose efforts and support have been of the utmost benefit and therefore are generously acknowledged.

In a sincere effort to continuously improve our Eastern National Livestock Show, your Directors and members of the Executive Committee are always looking for betterment. Several innovations have been added this year. Of primary importance is the Classifications for Junior Project Heifers. We hope to make this, our 13th show, uphold the high caliber of previous shows.

# THE EASTERN NATIONAL

---

Livestock is an integral and vital part of the economy of the eastern part of the United States and as eastern states have industrialized and urbanized, their incomes and well-being have risen. Their agricultural economy has become largely tied to that of animals and their products. The Eastern National Livestock Show has been developed to accelerate these trends toward a livestock economy in the East and to improve both the quality and quantity of livestock production throughout the Eastern States. Naturally, any industry serving the livestock interests is also benefited by any stimulation of livestock production.

Back in 1929 the old Baltimore Livestock Show was held at the Union Stock Yards in Baltimore. Some fifty or sixty livestock producers, commission men and meat packers worked tirelessly to develop a real livestock show here in the east. The quality of livestock improved along with the quantity of production . . . thus the advent of the Eastern National Livestock Show eleven years ago.

One-fourth of the nation's consumers live in the East. To help feed these consumers, the Show has been developed to stimulate livestock production in the East and especially in the states from which its greatest support comes, namely: Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia and West Virginia. However, we have interests from the New England States and as far south as Florida as evidenced by memberships and exhibitors in both these widely separated areas.

Within eleven years the Eastern National has made tremendous strides and is now one of the nation's leading livestock shows, sharing the spotlight with the shows at Chicago, Denver and Kansas City. Exhibitors are attracted from twenty-seven states, including Wyoming, California, Texas, Colorado, Maine and Florida, bringing with them the most superb livestock in the country. Champions selected at the Eastern National have gone on to retain their championships at the International at Chicago. Approximately 3,000 head of livestock are exhibited at the Eastern National.

As the Eastern National has grown, so has the interest in the livestock industry in the East. The Eastern National is contributing much to the strong trend toward a livestock economy in the territory it serves. It provides a medium of stimulus to the greater production of meat for Eastern consumers and also provides a special stimulus to the improvement in the quality of the animals. THIS IS IMPORTANT! With the industrialization and increase in population on the West Coast, more midwestern meat is going west, leaving the East more dependent on its own meat production. The quantity of eastern meat is increasing and the quality is improving. Data are fragmentary but indicate a great expansion of the livestock industry throughout the Eastern area.

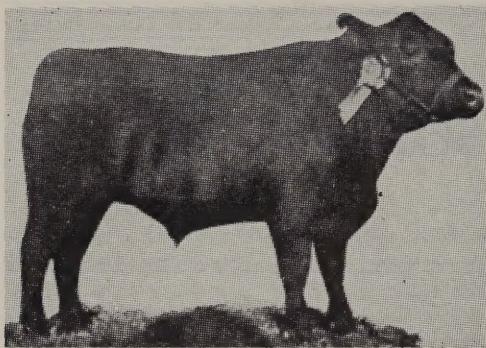

The youth of the nation play a big part in the livestock industry. Therefore, the Eastern National Livestock Show is an investment in the future. It has become the culmination of all 4-H Club and F.F.A. livestock endeavors, not only in Maryland, but also for many exhibitors in adjoining states. The 4-H Clubs are the largest rural organization in the world. These youngsters look to us for help and inspiration. The Eastern National includes the only completely rounded out livestock and meat judging contests in the East, both intercollegiate and 4-H.

1929 Champion

# WHY AN EASTERN NATIONAL?

One need only to compare the quality of the champion of the 1929 Baltimore Livestock Show (predecessor to the EASTERN NATIONAL) to the quality animal that is winning today's blue ribbons to recognize the tremendous strides that have been made in the breeding of Eastern livestock.

The EASTERN NATIONAL has been a prime mover behind this quality. Not only has it fostered the incentive to improve our bloodstock, but it spotlights for all to see the breed efforts and production progress that has been made by the entire Eastern livestock industry.

Who makes this possible? All the breeders, the packers, the business and industrial leaders who stand behind the idea that a healthy agriculture in the East is a sound, basic principle of progress.

This growth and progress—in fact, the very future of the show itself—depends upon the funds derived from membership dues. If you are not a member of the **EASTERN NATIONAL LIVESTOCK SHOW, INC.**, please accept this as a personal invitation from our Board of Directors to become a member NOW. Annual dues are \$25 and should be sent to the Treasurer at our office: Maryland State Fair Grounds, Timonium, Md.

ACT NOW.

**WISE WORDS OF WISDOM—**

To show or not to show: that is the question.  
Whether 'tis nobler to sit securely in the stands,  
or to come forth boldly in the ring—  
Perchance to prove your advertising false.  
Ay, there's the rub!

Nevertheless, we are willing, even eager, to take that chance. Fortunately, our advertising has been modest—we only say that we have one of the best herds around. Our high rating in the National Classification Program gives us pride but not complacency. We enjoy showing because we learn so much from the masterbreeders, showmen and judges.

Whether you are boldly showing or securely watching, we salute you, and urge you to come visit us and see the rest of our herd. We didn't bring all the good ones!

# *What*

## DO DEVON CATTLE OFFER THE BEEF PRODUCER?

- Exceptionally fast growing calves—because Devon cows make more milk than other beef stock.
- Extra profit from grass — because Devons are thick-muscled, lean-meated, steady-grazers, bred for grass farming.
- Superior tolerance to heat — because their skin, glands, hair and color have qualities resistant to heat problems.
- Bulls for crossbreeding that add weight, fleshing, heat tolerance, hardiness to commercial calves.
- And—very important to you, Mr. Beef Producer — Devons can be purchased with weight-for-age performance records . . . Growth Index Records.

This Devon bull calf's Growth Index Record is 500 pounds at 122 days of age; 1000 pounds at 322 days!

Sure, it's tough enough for any breeder to build his herd to a point where he **has** something to sell . . . so, why not let us help you when you reach this first plateau. We'll, (1) analyze your individual program and, (2) help you organize the best approach to develop proper interest in your farm and your kind of cattle.

And we'll do this at the price you should and can afford to pay for "top results."

# This Year as Every Year For Over 100 Years

Esskay provides local livestock producers with a ready cash market every day of the year. This plus Esskay's impressive purchases at the Eastern National and its active participation in events of the show is substantial proof of the kind of real backing Esskay has been quietly giving producers for years. This has been an important part of Esskay's program during the past 100 years as it now is in its second century of progress with the livestock industry.
